

HoneyBrook Gold

Born 2006 Thoroughbred USA import.

Palomino Stallion by Elusive Quest (a brown frame Overo) out of Shimmering Gold by Billionair.

To make 16hh.

Now licensed for breeding with the British Palomino Society

Having owned stallions for over 20 years and breeding for 40 years I am so impressed with this stallion's first foals Honeybrook Kugerrand and Honeybrook Jasmine are 2 exceptional palomino Anglo Arabs and his Trakehner foals are brilliant. I look forward to them being shown and competed where I am certain they will do exceptionally well.

Rummy is a rare stallion He is the only adult Palomino Thoroughbred stallion in the United Kingdom. He is exceptional and his foals are unbelievable.
